Just wanted to give you all the good news. I got an e-mail back from FWS saying that they will concur with our new determination for the manatee. I haven't received the hard copy yet, but I expect it very soon. This means we can finally move ahead with this permit. I'll be talking to you all shortly to give you an update and let you know exactly when the permit will be mailed out. Thanks all for working with me on this issue.
